1. Continued work in DQ39

- a. Goal = to identify the SE corner of the HTyche
- b. Basket =
- c. Starting elevation = 131.08
- d. Ending elevation = 131.08
- e. Cleaned, photographed, and drew DQ39

f. Observations

- i. Part of the east wall (1298) abuts the south wall (1915)
- ii. Area south of the line of W1915 is paved with small stones.
- iii. Did the remains of the south wall of the House of Tyche (W1915) serve as a bench? Was it rebuilt as a wall? Did it serve as an exit?
- g. After breakfast we sorted the small find in the storage building at Ein Gev and moved CSP gear to the container.
